Springer International

Skeletal Radiology

Founded in 1976
Volumes 1–8 (1976–1982) edited by J. Edeiken, H.G. Jacobson, R.O. Murray, and P. Jacobs (replaced R.O. Murray from Volume 7, Number 3, 1981, to Volume 8, Number 3, 1982)

Volume 9 (1982/83) edited by J. Edeiken, H.G. Jacobson, and W.M. Park (deceased)
Volumes 10–12 (1983/84) edited by J. Edeiken, H.G. Jacobson, and R.O. Murray
Volumes 13–19 (1985–1990) edited by H.G. Jacobson, T.E. Keats, and D.J. Stoker

---

Copyright

Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication, has been approved by all coauthors, if any, as well as by the responsible authorities at the institutes where the work has been carried out; that, if and when the manuscript is accepted for publication, the autors agree to automatic transfer of the copyright to the International Skeletal Society; and that the manuscript will not published elsewhere in any language without the consent of the copyright holders.

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored in microfilm, in electronic data bases, video disks, etc., without first obtaining written permission obtained from the International Skeletal Society.

The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA

Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of the U.S. Copyright Law, provided a fee is paid. This fee is US$0.20 per page, or a minimum of US$1.00 if an article contains fewer than five pages. All fees should be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0364-2348, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must be obtained from the International Skeletal Society.

Other regulations

Authors publishing in this journal can, under certain conditions, benefit from library and photocopy fees collected by VG WORT. Author resident in the Federal Republic of Germany can apply to Verwertungsgesellschaft WORT, Abteilung Wissenschaft, Goethestrasse 49, W-8000 München 2, FRG, for detailed information.

Subject index

Acetabulum, parosteal osteoma of (*case report 596*) 135
Adamantinoma of the tibia mimicking osteofibrous dysplasia (*case report 587*) 55
Adenocarcinoma, metastatic mucin-producing, consistent with urachal origin (*case report 645*) 616
Amyloid arthropathy of left ankle (*open-quiz solution, case report 610*) 448
Amyotrophy, gluteal: a late sequela of intramuscular injection (*case report 605*) 221
Aneurysmal bone cyst, secondary to chondroblastoma of fourth metatarsal (*case report 635*) 539
Aneurysmal bone cyst, subperiosteal, of tibia (*case report 611*) 294
Ankle, amyloid arthropathy of (*open-quiz solution, case report 610*) 448
Announcements 120, 308, 456, 538
Anterior chest wall involvement in patients with pustulosis palmoplantaris 271
Arthritis, septic, of lumbar facet joint, as initial manifestation of spondylodiscitis (*case report 627*) 453
Arthropathy, amyloid, of left ankle (*open-quiz solution, case report 610*) 448
Arthropathy, lead, and lead intoxication, retention of a bullet fragment within a traumatic pseudarthrosis resulting in (*case report 608*) 233
Arthroplasty, carpal interposition, bone formation following 31
Aspirations, routine percutaneous of hip, prior to prosthesis revision, role of 427
Assessment, computed tomographic, of vertebral bone mineral in childhood 99
Assessment of osteoporotic spine deformity: a new method 91
Assessment, radiologic, of post-traumatic vertebral stability 103
Avulsion fracture, isolated, of the lesser tuberosity of the humerus 121

Benign fibrous histiocytoma involving the ends of long bone 561
Bone cysts, growing, in long-term hemodialysis 43
Bone density distribution within the femoral head and neck. An examination by high-resolution computed tomography 319
Bone formation following carpal interposition arthroplasty 31
Bone graft donor site of tibia (*case report 592*) 73
Bone mineral, vertebral, in childhood, computed tomographic assessment of 99
Bone scan: a useful test for evaluating patients with low back pain 267
Book reviews 130, 220, 358, 418, 422
Brushing, percutaneous intralesional, of cystic lesions of bone: a technical improvement of diagnostic cytology 187
Bullet fragment, retention of, within a traumatic pseudarthrosis, resulting in lead arthropathy and lead intoxication (*case report 608*) 233
Bursa formation, reactive, surrounding an osteochondroma (*case report 630*) 465
Bursa, ileopsoas, and synovial (osteo)chondromatosis of left hip joint (*case report 607*) 227

Calcaneus, occult fractures of, scintigraphy in the diagnosis of 575
Calcification, and ossification, of coracoclavicular and coracoacromial ligament 263
Calcifications, paraspinous and intraspinous in progressive systemic sclerosis (*case report 620*) 377
Calcium pyrophosphate deposition disorder (CPPD) of the right temporomandibular joint (*case report 597*) 139
Calvaria, melanotic neuroectodermal tumor of infancy (melanotic progonoma) involving (*open-quiz solution, case report 617*) 527
Carcinoma, squamous cell, well-differentiated, primary, of thumb (*case report 640*) 599
Carcinoma, squamous cell (well-differentiated), radiation-induced, of right third finger, with post-radiation dermatitis (*case report 600*) 150
Carpal interposition arthroplasty, bone formation following 31
Carpus: os centrale carpi (*case report 598*) 143
Central osteosarcoma, low-grade, of tibia (*case report 628*) 457
Cervical spine flexion patterns 521
Chest film, plain, versus dual photon densitometry, in diagnosis of osteoporosis 27
Chest wall involvement, anterior, in patients with pustulosis palmoplantaris 271
Chondroblastoma of the fourth metatarsal bone with secondary aneurysmal bone cyst (*case report 635*) 539
Chondroblastoma-like osteosarcoma (*case report 641*) 603
Chondroma, intracortical, of femur (*case report 588*) 59
Chondromatosis, synovial (*case report 609*) 237
Chondromatosis, synovial of left hip joint and ileopsoas bursa (*case report 607*) 227
Chondromyxoid fibroma (*case report 625*) 395
Chondromyxoid fibroma of a sesamoid bone (*case report 638*) 549
Chondrosarcoma and osteochondroma adjacent to an enchondroma, report of a case of enchondroma protuberans and its distinction from 431
Clavicle, osteitis condensans of (*case report 623*) 387
Clavicle, unilateral wavy 519
Comparison of radiographic and computer-assisted measurements of thoracic and thoracolumbar sagittal curvature 21
Complications of vascular cannulae in the neonatal period, limb shortening secondary to 423
Computed tomographic and radiographic findings in hydatid disease of bone 435
Computed tomographic appearances of pigmented villonodular synovitis of the knee 191
Computed tomographic assessment of vertebral bone mineral in childhood 99
Computed tomography: revascularization of femoral head ischemic necrosis with vascularized bone graft: a CT experimental study 197
Computed tomography, comparison of MRI in musculoskeletal hemangiomas 251
Computed tomography evaluation of the sacroiliac joints in Crohn disease. Radiologic/clinical correlation 207
Computed tomography, high-resolution, examination of bone density distribution within femoral head and neck by 319
Computed tomography, patellofemoral relationships in normal subjects determined by 591
Computed tomography versus magnetic resonance imaging in detection of local recurrent disease in musculoskeletal tumors 85
Computer-assisted measurements, comparison with radiographic, of thoracic and thoracolumbar sagittal curvature 21
Congenitally fused cervical vertebrae, with Paget's disease (*open-quiz solution, case report 595*) 290
Coracoclavicular and coracoacromial ligament calcification and ossification 263
Craniocervical junction, MRI of, in rheumatoid arthritis: value, limitations, indications 341
Crohn disease, computed tomography evaluation of sacroiliac joints in. Radiologic/clinical correlation 207
Curvature, sagittal, comparison of radiographic and computer-assisted measurements of thoracic and thoracolumbar 21
Cyst, aneurysmal bone, subperiosteal, of tibia (*case report 611*) 294
Cyst, subchondral, gas-filled, of ilium, secondary to osteoarthritis of the sacroiliac joint (*case report 606*) 225
Cystic lesions of bone, percutaneous intralesional brushing of: a technical improvement of diagnostic cytology 187
Cystic meniscal disease, degenerative, of the knee, ultrasound in 441
Cysts, bone, growing, in long-term hemodialysis 43

Cysts, sacral, with exophytic components. A report of two cases 117
Cysts, subchondral, of the tibia secondary to osteoarthritis of the knee 287

Deep-seated soft tissue leiomymomas. Report of four patients 363
Deformity, spine, osteoporotic, assessment of: a new method 91
Degenerative cystic meniscal disease of the knee, ultrasound in 441
Densitometry, dual photon, versus plain chest film, in diagnosis of osteoporosis 27
Density, bone, distribution within the femoral head and neck. An examination by high-resolution computed tomography 319
Dermatitis, post-radiation, with radiation-induced squamous cell carcinoma (well-differentiated) of right third finger (*case report 600*) 150
Destructive spondyloarthropathy and radiographic follow-up in hemodialysis patients 483
Detection of local recurrent disease in musculoskeletal tumors: magnetic resonance imaging versus computed tomography 85
Diabetic foot: magnetic resonance imaging evaluation 37
Diffuse pigmented villonodular synovitis with a cartilaginous component (*case report 590*) 65
Dislocation, posterior, of the long head of the biceps tendon without tuberosity fracture (*case report 633*) 532
Dissociation, scapulothoracic, traumatic, in a child (*case report 642*) 607
Donor site of bone graft, tibia (*case report 592*) 73
Dual photon densitometry, versus plain chest film, in diagnosis of osteoporosis 27

Elbow, osteoid osteoma of. A review of six cases 181
Embolisation, percutaneous transcatheter arterial, of bone and soft tissue tumors 555
Enchondroma protuberans. Report of a case and its distinction from chondrosarcoma and osteochondroma adjacent to an enchondroma 431
Enchondromatosis and spindle cell hemangioendothelioma (a form of Maffucci syndrome) in a patient with acute myelocytic leukemia (*case report 602*) 158
Eosinophilic granuloma (histiocytosis X) of the fibula (*case report 615*) 309
Erratum 134
Evaluation of the measurement methods for protrusio acetabuli in normal children 279
Exophytic components, sacral cysts with. A report of two cases 117
Exostoses, multiple cartilaginous, in a dog (*case report 622*) 383

Face, and skull, malignant fibrous histiocytoma of, presenting with massive osteolysis (*case report 601*) 154
Facet joint, lumbar, septic arthritis of, as initial manifestation of spondylodiscitis (*case report 627*) 453
Familial expansile osteolysis, radiographic features of 245
Fascitis, nodular pseudosarcomatous (*case report 614*) 305
Femoral head and neck, bone density distribution within. An examination by high-resolution computed tomography 319
Femoral head, revascularization of ischemic necrosis with vascularized bone graft: a CT scan experimental study 197
Femur: chondromyxoid fibroma of (*case report 625*) 395
Femur: localized Paget's disease of lesser trochanter of (*case report 644*) 613
Femur: tumoral calcinosis-like lesion of the proximal linea aspera 579
Femur, giant cell reparative granuloma of distal end of (*open-quiz solution, case report 603*) 367
Femur, intracortical chondroma of (*case report 588*) 59
Femur, osteosarcoma arising in a solitary osteochondroma of (*open-quiz solution, case report 626*) 594
Fibromatosis, magnetic resonance appearance of. A report of 14 cases and review of the literature 495
Fibromatosis, musculoaponeurotic, magnetic resonance imaging of 509
Fibula, histocytosis X (eosinophilic granuloma) of (*case report 615*) 309
Finger, post-radiation dermatitis with radiation-induced squamous cell carcinoma (well-differentiated) of right third (*case report 600*) 150
Flexion patterns, cervical spine 521
Foot, diabetic: magnetic resonance imaging evaluation 37
Forensic radiographic marker in the identification of victims of severe trauma – nutrient groove of the ilium 15
Formation, bone, following carpal interposition arthroplasty 31
Fracture, isolated avulsion, of the lesser tuberosity of the humerus 121
Fracture, stress, of distal portion of tibia associated with previously incurred gross fracture of more proximal segment of tibia (*case report 624*) 391
Fractures, occult, of the calcaneus, scintigraphy in the diagnosis of 575
Fractures, sacral insufficiency, magnetic resonance appearance of 489
Fractures, tibial plateau, sequelae after, magnetic resonance imaging of 127
Fusion, of lumbar spine, use of Ostamer in, post-operative appearances (*case report 589*) 62

Gas-filled subchondral cyst of ilium secondary to osteoarthritis of the sacroiliac joint (*case report 606*) 225
Giant cell reparative granuloma of the distal end of right femur (*open-quiz solution, case report 603*) 367
Giant cell tumor of sphenoid bone (*open-quiz solution case report 586*) 212
Glenoid, osteochondrosis dissecans of 419
Gluteal amyotrophy: a late sequela of intramuscular injection (*case report 605*) 221
Gout, oxalate (secondary oxalosis complicating chronic renal failure) (*case report 599*) 147
Gouty tophi, microscopic, associated with osteoarthrosis of hip (*case report 591*) 69
Graft, bone, donor site of tibia (*case report 592*) 73
Graft, bone, vascularized, revascularization of femoral head ischemic necrosis with: a CT scan experimental study 197
Granuloma, giant cell reparative, of the distal end of right femur (*open-quiz solution, case report 603*) 367
Growing bone cysts in long-term hemodialysis 43
Growth abnormalities, radiation-induced (*open-quiz solution, case report 571*) 50
Growth plate injury of the hand and wrist in renal osteodystrophy 515

Hand and wrist, growth plate injury of, in renal osteodystrophy 515
Help 42, 211, 448
Help obtained 216, 366, 406, 494
Hemangioendothelioma, spindle cell, and enchondromatosis (a form of Maffucci syndrome) in a patient with acute myelocytic leukemia (*case report 602*) 158
Hemangioma of sternum (*case report 593*) 77
Hemangiomas, musculoskeletal: comparison of MRI with CT 251
Hemangiomas, peripheral soft tissue, magnetic resonance imaging of 477
Hemodialysis, long-term, growing bone cysts in 43
Hemodialysis patients with destructive spondyloarthropathy, radiographic follow-up in 483
Hip: evaluation of the measurement methods for protrusio acetabuli in normal children 279
Hip aspirations, percutaneous, routine, prior to prosthesis revision, role of 427
Hip, osteoarthrosis of, associated with microscopic gouty tophi (*case report 591*) 69
Hip, synovial osteochondromatosis of, and ileopsoas bursa (*case report 607*) 227
Histiocytoma, benign fibrous, involving the ends of long bone 561
Histiocytoma, malignant fibrous, of skull and face presenting with massive osteolysis (*case report 601*) 154
Histiocytosis X (eosinophilic granuloma) of the fibula (*case report 615*) 309
Humerus, isolated avulsion fracture of lesser tuberosity of 121
Hutchinson-Gilford progeria syndrome in siblings. Report of three new cases 585
Hydatid disease involving multiple bones and soft tissue (*case report 616*) 312
Hydatid disease of bone, radiographic and computed tomographic findings in 435
Hydatidosis, osseous (*case report 629*) 461

Ilium, gas-filled subchondral cyst of, secondary to osteoarthritis of the sacroiliac joint (*case report 606*) 225
Ilium, nutrient groove of, a subtle but important forensic radiographic marker in the identification of victims of severe trauma 15
Injection, intramuscular, late sequela of: gluteal amyotrophy (*case report 605*) 221
Injury of the growth plate of the hand and wrist in renal osteodystrophy 515
Intoxication, lead, and lead arthropathy, retention of a bullet fragment within a traumatic pseudarthrosis resulting in (*case report 608*) 233
Intracortical chondroma of femur (*case report 588*) 59
Intramuscular injection, late sequela of: gluteal amyotrophy (*case report 605*) 221
Intraosseous lipoma of the sacrum (*case report 619*) 375
Isolated avulsion fracture of the lesser tuberosity of the humerus 121

Juxta-articular large cell lymphoma 353

Knee: Paget's disease of patella 407
Knee: patellofemoral relationships in normal subjects determined by computed tomography 591
Knee: ultrasound in degenerative cystic meniscal disease of 441
Knee, osteoarthritis of, subchondral cysts of the tibia secondary to 287
Knee, pigmented villonodular synovitis of: computed tomographic appearances 191
Knee, trauma, magnetic resonance imaging of 401

Lead arthropathy and lead intoxication, retention of a bullet fragment within a traumatic pseudarthrosis resulting in (*case report 608*) 233
Leiomymomas, deep-seated soft tissue. Report of four patients 363
Lesser trochanter of femur, localized Paget's disease of (*case report 644*) 613
Letters to the editor 446
Leukemia, acute myelocytic, in a patient with spindle cell hemangioendothelioma and enchondromatosis (a form of Maffucci syndrome) (*case report 602*) 158
Limb shortening secondary to complications of vascular cannulae in the neonatal period 423
Limbus vertebrae, posterior: a cause of radiating back pain in adolescents and young adults 501
Linea aspera, proximal, tumoral calcinosis-like lesion of 579
Lipoma, intraosseous, of the sacrum (*case report 619*) 375
Lipomas, bone, malignant transformation in 347
Liposarcoma, mixed type, with myxoid and pleomorphic patterns (*case report 637*) 545
Liposarcoma, myxoid: magnetic resonance imaging appearances with clinical and histological correlation 359
Localized Paget's disease of the lesser trochanter of the right femur (*case report 644*) 613
Long head of biceps tendon, posterior dislocation of, without tuberosity fracture (*case report 633*) 532
Low back pain, bone scan: a useful test for evaluating patients with 267
Low-grade central osteosarcoma of tibia (*case report 628*) 457
Lumbar facet joint, septic arthritis of, as initial manifestation of spondylodiscitis (*case report 627*) 453
Lumbar spine, and pelvis, osseous sarcoidosis (osteolytic) of (*case report 594*) 79
Lumbar spine, fusion of, use of Ostamer in, post-operative appearances (*case report 589*) 62
Lymphoma, juxta-articular large cell 353

Maffucci syndrome – unusual form (spindle cell hemangioendothelioma and enchondromatosis) in a patient with acute myelocytic leukemia (*case report 602*) 158
Magnetic resonance appearance of fibromatosis. A report of 14 cases and review of the literature 495
Magnetic resonance appearance of sacral insufficiency fractures 489
Magnetic resonance imaging appearances of myxoid liposarcoma, with clinical and histological correlation 359
Magnetic resonance imaging, comparison with CT in musculoskeletal hemangiomas 251
Magnetic resonance imaging demonstration of hypertrophic articular cartilage repair in osteoarthritis 335
Magnetic resonance imaging evaluation of diabetic foot 37
Magnetic resonance imaging in acute and chronic rotator cuff tears 109
Magnetic resonance imaging in the evaluation of sequelae after tibial plateau fractures 127
Magnetic resonance imaging of knee trauma 401
Magnetic resonance imaging of muscle tears 283
Magnetic resonance imaging of musculoaponeurotic fibromatosis 509
Magnetic resonance imaging of peripheral soft tissue hemangiomas 477
Magnetic resonance imaging of postamputation neuromas 259
Magnetic resonance imaging of the craniocervical junction in rheumatoid arthritis: value limitations, indications 341
Magnetic resonance imaging of the shoulder: rationale and current applications 5
Magnetic resonance imaging, positive, with negative scintigraphy, in bone metastases 113
Magnetic resonance imaging versus computed tomography in detection of local recurrent disease in musculoskeletal tumors 85
Malignant fibrous histiocytoma of skull and face presenting with massive osteolysis (*case report 601*) 154
Malignant transformation in bone lipomas 347
Massive osteolysis, malignant fibrous histiocytoma of face and skull presenting with (*case report 601*) 154
Measurement methods for protrusio acetabuli in normal children, evaluation of 279
Measurements, comparison of radiographic and computer-assisted, of thoracic and thoracolumbar sagittal curvature 21
Melanotic neuroectodermal tumor of infancy (melanotic progonoma) involving the calvaria (*open-quiz solution, case report 617*) 527
Melanotic progonoma – melanotic neuroectodermal tumor of infancy involving the calvaria (*open-quiz solution, case report 617*) 527
Meningioma, metastatic angioblastic (*case report 618*) 371
Meniscal disease, degenerative cystic, of the knee, ultrasound in 441
Meniscal repair following meniscectomy: mechanism and protective effect. An experimental study in the dog 567
Meniscectomy, meniscal repair following: mechanism and protective effect. An experimental study in the dog 567
Metastases, bone: negative scintigraphy with positive magnetic resonance imaging 113
Metastatic angioblastic meningioma (*case report 618*) 371
Metastatic mucin-producing adenocarcinoma consistent with urachal origin (*case report 645*) 616
Metastatic neuroblastoma: new abnormalities on bone scintigraphy may not indicate tumour recurrence 33
Metatarsal, fourth, chondroblastoma of, with secondary aneurysmal bone cyst (*case report 635*) 539
Mixed type liposarcoma with myxoid and pleomorphic patterns (*case report 637*) 545
Multiple cartilaginous exostoses in a dog (*case report 622*) 383
Multiple myeloma (IgD) in a 28-year-old woman (*case report 621*) 379
Muscle, psoas, rhabdomyosarcoma of (*case report 612*) 299
Muscle tears, magnetic resonance imaging in 283
Musculoaponeurotic fibromatosis, magnetic resonance imaging of 509
Musculoskeletal hemangiomas: comparison of MRI with CT 251
Myeloma, multiple (IgD), in a 28-year-old woman (*case report 621*) 379
Myxoid liposarcoma: magnetic resonance imaging appearances with clinical and histological correlation 359

Necrosis, ischemic, of femoral head, revascularization with vascularized bone graft: a CT scan experimental study 197
Negative scintigraphy with positive magnetic resonance imaging in bone metastases 113
Neo-osseous porosis (metaphyseal osteopenia) in polyglandular autoimmune (Schmidt) syndrome (*case report 631*) 468
Neuroblastoma, metastatic: new abnormalities on bone scintigraphy may not indicate tumor recurrence 33
Neuroectodermal tumor, melanotic, of infancy (melanotic progonoma) (*open-quiz solution, case report 617*) 527
Neuromas, postamputation, magnetic resonance imaging of 259
Nodular pseudosarcomatous fascitis (*case report 614*) 305
Normal children, evaluation of the measurement methods for protrusio acetabuli in 279
Normal subjects, patellofemoral relationships in, determined by computed tomography 591
Nutrient groove of the ilium, a subtle but important forensic radiographic marker in the identification of victims of severe trauma 15

Occult fractures of the calcaneus, scintigraphy in the diagnosis of 575
Os centrale carpi (*case report 598*) 143
Osseous hydatidosis (*case report 629*) 461
Osseous sarcoidosis (osteolytic) of lumbar spine and pelvis (*case report 594*) 79
Ossific striations, transphyseal linear, of the distal radius and ulna 173
Ossification, and calcification, of coracoclavicular and coracoacromial ligament 263
Ossifying fibroma (osteofibrous dysplasia) of tibia (*case report 604*) 217
Ostamer, use of, in fusion of lumbar spine, post-operative appearance (*case report 589*) 62
Osteitis condensans of the left clavicle (*case report 623*) 387
Osteoarthritis: a review of old myths and current concepts 327
Osteoarthritis, MRI demonstration of hypertrophic articular cartilage repair in 335
Osteoarthritis of the knee, subchondral cysts of the tibia secondary to 287
Osteoarthritis of the sacroiliac joint, gas-filled subchondral cyst of ilium secondary to (*case report 606*) 225
Osteoarthritis revisited 1
Osteoarthrosis of hip associated with microscopic gouty tophi (*case report 591*) 69
Osteochondroma and chondrosarcoma adjacent to an enchondroma, report of a case of enchondroma protuberans and its distinction from 431
Osteochondroma, reactive bursa formation surrounding (*case report 630*) 465
Osteochondroma, solitary, of the femur, osteosarcoma arising in (*open-quiz solution, case report 626*) 594
Osteochondromatosis, synovial (*case report 609*) 237
Osteochondromatosis, synovial, of left hip joint and ileopsoas bursa (*case report 607*) 227
Osteochondrosis dissecans of the glenoid 419
Osteochondrosis, juvenile lumbar, spinal stenosis subsequent to 203
Osteofibrous dysplasia, adamantinoma of the tibia mimicking (*case report 587*)
Osteofibrous dysplasia (ossifying fibroma) of tibia (*case report 604*) 217
Osteoid osteoma of the elbow. A review of six cases 181
Osteolysis, familial expansile, radiographic features of 245
Osteolysis, massive, malignant fibrous histiocytoma of skull and face presenting with (*case report 601*) 154
Osteoma, parosteal, of the acetabulum (*case report 596*) 135
Osteopenia, metaphyseal (neo-osseous porosis) in polyglandular autoimmune (Schmidt) syndrome (*case report 631*) 468
Osteopenia (*poem*) 440
Osteoporosis: diagnosis by plain chest film versus dual photon bone densitometry 27
Osteoporosis pseudoglioma syndrome (*case report 613*) 302
Osteoporotic spine deformity, assessment of: a new method 91
Osteosarcoma arising in a solitary osteochondroma of the femur (*open-quiz solution, case report 626*) 594
Osteosarcoma, chondroblastoma-like (*case report 641*) 603
Osteosarcoma, low-grade central, of tibia (*case report 628*) 457
Osteosarcoma of the rib with giant rosettoid structures (*case report 643*) 609
Osteosarcoma, scintigraphic evaluation of tumor regression during preoperative chemotherapy of. Correlation of ^{99m}Tc methylene diphosphonate parametric imaging with surgical histopathology 165
Osteosarcomatosis (*case report 634*) 535
Oxalate gout (secondary oxalosis complicating chronic renal failure) (*case report 599*) 147
Oxalosis, secondary, complicating chronic renal failure (oxalate gout) (*case report 599*) 147

Paget's disease, localized, of the lesser trochanter of right femur (*case report 644*) 613
Paget's disease of the patella 407
Paget's disease with congenitally fused cervical vertebrae (*open-quiz solution, case report 595*) 290
Parosteal osteoma of the acetabulum (*case report 596*) 135
Patella, Paget's disease of 407
Patellofemoral relationships in normal subjects determined by computed tomography 591
Pedicle, sclerotic: how many causes are there? 411
Pelvis, and lumbar spine, osseous sarcoidosis (osteolytic) of (*case report 594*) 79
Percutaneous hip aspirations, routine, prior to prosthesis revision, role of 427
Percutaneous intralesional brushing of cystic lesions of bone: a technical improvement of diagnostic cytology 187
Percutaneous transcatheter arterial embolisation of bone and soft tissue tumors 555
Pigmented villonodular synovitis, diffuse, with a cartilaginous component (*case report 590*) 65
Pigmented villonodular synovitis of the knee: computed tomographic appearances 191
Pigmented villonodular synovitis of the shoulder (*open-quiz solution, case report 578*) 131
Plain chest film versus dual photon densitometry, in diagnosis of osteoporosis 27
Poem: osteopenia 440
Polydactyly, postaxial type, in tetrapolysyndactyly (*case report 636*) 542
Polyglandular autoimmune (Schmidt) syndrome, neo-osseous porosis (metaphyseal osteopenia) in (*case report 631*) 468
Posterior dislocation of the long head of the biceps tendon without tuberosity fracture (*case report 633*) 532
Posterior limbus vertebrae: a cause of radiating back pain in adolescents and young adults 501
Post-radiation dermatitis with radiation-induced squamous cell carcinoma (well-differentiated) of right third finger (*case report 600*) 150
Post-traumatic vertebral stability, radiologic assessment of 103
Progeria (Hitchinson-Gilford) syndrome in siblings. Report of three new cases 585
Progressive systemic sclerosis with paraspinous and intraspinous calcifications (*case report 620*) 377
Prosthesis revision, role of routine percutaneous hip aspirations prior to 427
Protrusio acetabuli, evaluation of the measurement methods for, in normal children 279
Pseudarthrosis, traumatic, retention of bullet fragment within, resulting in lead arthropathy and lead intoxication (*case report 608*) 233
Pustolosis palmoplantaris, anterior chest wall involvement in patients with 271

Radiation-induced growth abnormalities (*Open-quiz solution, case report 571*) 50
Radiation-induced squamous cell carcinoma (well-differentiated) of right third finger, with post-radiation dermatitis (*case report 600*) 150
Radiographic and computed tomographic findings in hydatid disease of bone 435
Radiographic features of familial expansile

osteolysis 245
Radiographic follow-up in hemodialysis patients with destructive spondyloarthropathy 483
Radiographic measurements, comparison with computer-assisted, of thoracic and thoracolumbar sagittal curvature 21
Radiologic assessment of post-traumatic vertebral stability 103
Radius and ulna, distal, transphyseal linear ossific striations of 173
Reactive bursa formation surrounding an osteochondroma (*case report 630*) 465
Recurrence, tumor, of metastatic neuroblastoma, new abnormalities on bone scintigraphy may not indicate 33
Recurrent disease, local, in musculoskeletal tumors, detection of: magnetic resonance imaging versus computed tomography 85
Renal failure, chronic, secondary oxalosis complicating (*case report 599*) 147
Renal osteodystrophy, growth plate injury of the hand and wrist in 515
Retention of a bullet fragment within a traumatic pseudarthrosis, resulting in lead arthropathy and lead intoxication (*case report 608*) 233
Revascularization of femoral head ischemic necrosis with vascularized bone graft: a CT scan experimental study 197
Rhabdomyosarcoma of the right psoas muscle (*case report 612*) 299
Rheumatoid arthritis, MRI of the craniocervical junction in: value, limitations, indications 341
Rib, osteosarcoma of, with giant rosettoid structures (*case report 643*) 609
Role of routine percutaneous hip aspirations prior to prosthesis revision 427
Rotator cuff tears, acute and chronic, magnetic resonance imaging in 109

Sacral cysts with exophytic components. A report of two cases 117
Sacral insufficiency fractures, magnetic resonance appearance of 489
Sacroiliac joint, osteoarthritis of, gas-filled subchondral cyst of ilium secondary to (*case report 606*) 225
Sacroiliac joints, computed tomography evaluation of, in Crohn disease. Radiologic/clinical correlation 207
Sacrum, intraosseous lipoma of (*case report 619*) 375
Sarcoidosis, osseous (osteolytic), of lumbar spine and pelvis (*case report 594*) 79
Scapulothoracic dissociation, traumatic, in a child (*case report 642*) 607
Schmidt (polyglandular autoimmune) syndrome, neo-osseous porosis (metaphyseal osteopenia) in (*case report 631*) 468
Scintigraphic evaluation of tumor regression during preoperative chemotherapy of osteosarcoma. Correlation of ^{99m}Tc methylene disphosphonate parametric imaging with surgical histopathology 165
Scintigraphy: bone scan: a useful test for evaluating patients with low back pain 267
Scintigraphy, bone, new abnormalities on, may not indicate tumor recurrence of metastatic neuroblastoma 33
Scintigraphy in the diagnosis of occult fractures of the calcaneus 575
Scintigraphy, negative, with positive magnetic resonance imaging in bone metastases 113
Sclerosis, progressive systemic, with paraspinous and intraspinous calcifications (*case report 620*) 377
Sclerotic pedicle: how many causes are there? 411
Secondary oxalosis complicating chronic renal failure (oxalate gout) (*case report 599*) 147
Septic arthritis of lumbar facet joint as initial manifestation of spondylodiscitis (*case report 627*) 453
Sequelae after tibial plateau fractures, magnetic resonance imaging of 127
Sesamoid bone, chondromyxoid fibroma of (*case report 638*) 549
Shortening, limb, secondary to complications of vascular cannulae in the neonatal period 423
Shoulder: coracoclavicular and coracoacromial ligament calcification and ossification 263
Shoulder: osteochondrosis dissecans of the glenoid 419
Shoulder, magnetic resonance imaging of: rationale and current applications 5
Shoulder, pigmented villonodular synovitis of (*open-quiz solution, case report 578*) 131
Skull, and face, malignant fibrous histiocytoma of, presenting with massive osteolysis (*case report 601*) 154
Soft tissue hemangiomas, peripheral, magnetic resonance imaging of 477
Soft tissue leiomymomas, deep-seated. Report of four patients 363
Sphenoid bone, giant cell tumor of (*open-quiz solution, case report 586*) 212
Spinal stenosis subsequent to juvenile lumbar osteochondrosis 203
Spindle cell hemangioendothelioma and enchondromatosis (a form of Maffucci syndrome) in a patient with acute myelocytic leukemia (*case report 602*) 158
Spine: bone scan: a useful test for evaluating patients with low back pain 267
Spine: destructive spondyloarthropathy and radiographic follow-up in hemodialysis patients 483
Spine: MRI of the craniocervical junction in rheumatoid arthritis: value, limitations, indications 341
Spine: Paget's disease with congenitally fused cervical vertebrae (*open-quiz solution, case report 595*) 290
Spine: posterior limbus vertebrae: a cause of radiating back pain in adolescents and young adults 501
Spine: radiologic assessment of post-traumatic vertebral stability 103
Spine: septic arthritis of lumbar facet joint as initial manifestation of spondylodiscitis (*case report 627*) 453
Spine: the sclerotic pedicle: how many causes are there? 411
Spine: vertebral bone mineral in childhood, computed tomographic assessment of 99
Spine, cervical: flexion patterns 521
Spine, lumbar, fusion of, use of Ostamer in, post-operative appearances (*case report 589*) 62
Spine, lumbar, spinal stenosis subsequent to osteochondrosis 203
Spine, osteoporotic, deformity, assessment of: a new method 91
Spine, thoracic and thoracolumbar, comparison of radiographic and computer-assisted measurements of sagittal curvature 21
Spondyloarthropathy, destructive, and radiographic follow-up in hemodialysis patients 483
Spondylodiscitis, septic arthritis of lumbar facet joint as initial manifestation of (*case report 627*) 453
Squamous cell carcinoma (well-differentiated), radiation-induced, of right third finger, with post-radiation dermatitis (*case report 600*) 150
Squamous cell carcinoma, well-differentiated, primary, of the thumb (*case report 640*) 599
Stability, vertebral, post-traumatic, radiologic assessment of 103
Stenosis, spinal, subsequent to juvenile lumbar osteochondrosis 203
Sternum, hemangioma of (*case report 593*) 77
Stress fracture of distal portion of tibia associated with previously incurred gross fracture of more proximal segment of tibia (*case report 624*) 391
Subchondral cyst, gas-filled, of ilium, secondary to osteoarthritis of the sacroiliac joint (*case report 606*) 225
Subchondral cysts of the tibia secondary to osteoarthritis of the knee 287
Subperiosteal aneurysmal bone cyst of tibia (*case report 611*) 294
Synovial (osteo)chondromatosis (*case report 609*) 237
Synovial (osteo)chondromatosis of left hip joint and ileopsoas bursa (*case report 607*) 227
Synovitis, pigmented villonodular, diffuse, with a cartilaginous component (*case report 590*) 65
Synovitis, pigmented villonodular, of the knee: computed tomographic appearances 191
Synovitis, pigmented villonodular, of the shoulder (*open-quiz solution, case report 578*) 131
Systemic sclerosis, progressive, with paraspinous and intraspinous calcifications (*case report 620*) 377

Tears, muscle, magnetic resonance imaging in 283
Tears, rotator cuff, acute and chronic,

magnetic resonance imaging in 109
Temporomandibular joint, calcium pyrophosphate deposition disorder (CPPD) of (*case report 597*) 139
Tendon, long head of biceps, posterior dislocation of, without tuberosity fracture (*case report 633*) 532
Tetrapolysyndactyly with postaxial type of polydactyly (*case report 636*) 542
Thumb, well-differentiated primary squamous cell carcinoma of (*case report 640*) 599
Tibia: magnetic resonance imaging in the evaluation of sequelae after tibial plateau fractures 127
Tibia, adamantinoma mimicking osteofibrous sysplasia of (*case report 587*) 55
Tibia, donor site of bone graft (*case report 592*) 73
Tibia, low-grade central osteosarcoma of (*case report 628*) 457
Tibia, osteofibrous dysplasia (ossifying fibroma) of (*case report 604*) 217
Tibia, stress fracture of distal portion of, associated with previously incurred gross fracture of more proximal segment of tibia (*case report 624*) 391
Tibia, subchondral cysts of, secondary to osteoarthritis of the knee 287
Tibia, subperiosteal aneurysmal bone cyst of (*case report 611*) 294
Transphyseal linear ossific striations of the distal radius and ulna 173
Trauma, knee, magnetic resonance imaging of 401
Trauma, severe, a subtle but important forensic radiographic marker in the identification of victims of – nutrient groove of ilium 15
Traumatic scapulothoracic dissociation in a child (*case report 642*) 607
Tumor recurrence, of metastatic neuroblastoma, new abnormalities on bone scintigraphy may not indicate 33
Tumor regression, scintigraphic evaluation of, during preoperative chemotherapy of osteosarcoma. Correlation of ^{99m}Tc methylene diphosphonate parametric imaging with surgical histopathology 165
Tumoral calcinosis-like lesion of the proximal linea aspera 579
Tumors, bone and soft tissue. percutaneous transcatheter arterial embolisation of 555
Tumors, musculoskeletal, detection of local recurrent disease in: magnetic resonance imaging versus computed tomography 85

Ulna, and radius, distal, transphyseal linear ossific striations of 173
Ultrasound in degenerative cystic meniscal disease of the knee 441
Unilateral wavy clavicle 519
Use of Ostamer in fusion of lumbar spine, post-operative appearance (*case report 589*) 62

Verbum sapienti 206, 278, 426

Wavy clavicle, unilateral 519
Well-differentiated primary squamous cell carcinoma of the thumb (*case report 640*) 599
